Usopp returns

\*\*Hey guys I'm superthedoodle and this is my first story! I'm super excited and here you are! \*\*

\*\*Disclaimer: I do not own One Piece in any form or way\*\*

Usopp couldn't believe it. They were leaving him behind. He felt betrayed and understanding at the same time.

"Did you forget about me just because I changed my appearance?!" He yelled. He began to run down the stairs to where the Thousand Sunny was escaping from Garp's cannon fire. He didn't even hear the warning from the Franky family member as he jumped down the broken stairs" \_How could Luffy do this to me?!" \_

"You idiots... Stop!" A cloud of dust arose where he landed and quickly sprinted towards the ship, panting as he ran. "Oi, be happy it's me!" Usopp thought that Luffy and him were best friends... and maybe they would become something more. "Oi! Luffy! Everyone! I understand! You're so happy you can't stop crying, right?!" He yelled futilely while snot was beginning to come out of his Pinocchio-like nose. He thought back to some of the last words he said to Luffy before the fight

" \_Luffy. I must not stay with you, I brought you nothing but trouble after all\_. "

"You guys, don't tell me you actually believed that joke back then?!" He kept on running while babbling how he wasn't serious and it was just a joke but deep down he knew when he said it he meant it. "Stop

messing around everyone!" They weren't even close to hearing him yet he still went on "Stop joking, what's going on... Do you really mean to leave without me? I see... It's enough."

\_ "Listen, Luffy! Not everyone can keep living as carefree as you do" Usopp said grabbing her sleeveless red button-up "I can't sail further seas leaving behind a wounded nakama!" \_

Usopp fell to the ground on the edge of Water 7, his shoulders convulsing and his face looking desperate. His eyes teared up and he shouted

"I'M SORRY!" "I'm sorry for my stubbornness! I was wrong" His face full of tears "Even though I was stubborn until now...! Even though I said I was leaving the crew...! I want to change all of that, but I can't! I can't so I beg of you! Please take me back with you guys! Just one more time...! Let me be your nakama!"

Days worth of self frustration came out when he said this and he couldn't stop balling as he apologized to the Straw hats and begged to once again be a Straw hat. Then Usopp saw something he thought was impossible. A stretched out hand in front of his face "Luffy..." He barely managed to whisper as he regained his breath from crying. "YOU IDIOT! Hurry up and grab on!" He faintly heard Luffy scream. He half yelled half moaned in relief as he grabbed on to her hand like he was going to die if he didn't(which was a high possibility with Garp chucking cannon balls everywhere). Almost everyone on the Thousand Sunny was crying as Luffy reeled in Usopp. They hit each others head as Usopp was brought back in, but the only thing Luffy and Usopp cared about right now is that they were back on the same ship.

"We're finally complete!" Luffy yelled "Let's hurry up and get out of this bombardment to go for more adventures, men!" Everyone yelled in agreement. Then Usopp did something unexpected. He stood up and kissed Luffy right on the lips. And she kissed back. They had both felt like they had something missing and they had finally found it.
